The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor's degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours; please see [JCCC A.A. degree requirements](#). **Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.**

The **Community Health** program prepares students for health-related careers in county, state and federal health departments, non-profit agencies, private ventures or agencies focusing on health promotion, corporate wellness, crisis intervention, drug/alcohol recovery, adoption, services for the elderly. In addition to general education requirements, the program includes major requirements, a complementary minor or elective options, and a 14 credit hour internship (40 hours a week for 14 weeks). Students can be admitted into the Community Health program as transfer students if they are admitted to KU, declare Community Health as their major, and meet the following criteria:

- A KU + Transfer Cumulative GPA of at least 2.75
- For information about initial admission to KU, visit the [Office of Admissions](#). Visit the [Office of International Support Services](#) for information about international admissions.
- Prospective Community Health students should consult an advisor early in the first year to plan efficient programs of study.
- The following minor programs are approved: African American Studies; Environmental Studies; Global and International Studies; Healthcare Management; Nutrition; Psychology; Spanish; Sociology; Women, Gender, and Sexuality Studies. Those interested primarily in Community Engagement, which emphasizes health education, health promotion, community outreach and community partnerships, are encouraged to explore our approved minor options. The minor provides students with application-based and service-oriented opportunities to engage with communities and their needs. Complimentary to this, those interested in Pre-Clinical work, which promotes bringing a community health lens to the clinical setting, are encouraged to explore our alternative elective options.
- Seventy-five credits may be transferred to KU from community colleges. Students should be aware that 45 junior/senior credit hours are required for completion of the bachelor's degree; 30 of those hours must be at KU; and community college courses do not transfer as junior/senior hours.
- A student must earn a grade of "C-" or higher in KU CORE 34 written and oral communication courses and quantitative literacy courses. Some programs may have additional minimum grade point requirements for specific classes. Consult School of Education & Human Sciences advisors for details.
- To be eligible for the B.S.E. degree, a student must complete at least 30 hours at KU and at least 30 hours after being admitted to the School of Education & Human Sciences. Up to 6 hours of work done at another institution may be accepted as part of the last 30 hours.
- Only 6 hours of Credit/No Credit is allowed for general education courses. A student cannot take a class Credit/No Credit for any major requirement.
- Minimum total hours for graduation is 120.
- Effective Fall 2024: Students transferring to KU, with an AA, AFA or AS degree from JCCC will be considered to have satisfied KU's Core 34 general education curriculum.
- Effective Fall 2024: Students who transfer to KU, without completing AA, AFA or AS degree will have courses evaluated on a course-by-course basis toward meeting KU requirements. To learn more about courses that satisfy KU Core 34 requirements visit: <https://catalog.ku.edu/core34/> and <https://credittransfer.ku.edu/>
- KU's Core 34 General Education guide can be found [here](#).

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

KU Core 34 and Program Requirements

KU Courses	Hrs	JCCC Courses	KU Core 34	Hrs
KU Core 34				
ENGL 101 Composition+	3	ENGL 121 Composition I*	ENG	3
ENGL 102 Critical Reading and Writing+	3	ENGL 122 Composition II*	ENG	3
COMS 130 Public Speaking#	3	COMS 121 Public Speaking	CMS	3

* JCCC course has a prerequisite or corequisite. Note: JCCC BIOL 135 can only transfer in for one course, BIOL 150 OR BIOL 154 at KU.

+This course is a **Recommended** Core 34: Systemwide General Education course. This specific course is not required but is recommended by the program's faculty.

#This course is a **Required** Core 34: Systemwide General Education course. This program is approved by the Kansas Board of Regents to require this specific Core 34: Systemwide General Education course. If a student did not take this course, it must be taken in addition to other degree requirements.
