The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours. Completion of the JCCC A.A. (or A.S. Associate of Science) degree satisfies KU Core Goals 1, 2 and 3. JCCC degree requirements can be found at: <http://catalog.iccc.edu/degreerequirements/>.

A maximum of 75 community college credit hours can be applied toward a bachelor's degree at KU Edwards. Contact your KU Edwards academic success coach for more information. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

The Bachelor of Applied Science in Operations Management program is designed as a baccalaureate degree-completion program. This degree completion program will prepare students to enter careers such as supply chain management, production management, purchasing, project management, and other related fields.

This is a hybrid program, meaning all of Operations Management core classes can be completed 100% online while additional degree requirements may be online or in-person at the Edwards Campus. Contact your KU Edwards academic success coach for more information about classes.

- Minimum cumulative transferable GPA of 2.50. A transferable GPA includes all courses that KU will accept for transfer. Though only transfer grades of "C" or higher will count toward KU degree requirements, all grades count in the transferable GPA.
- Review KU admission requirements and apply online at admissions.ku.edu. International transfer students submit a KU application through International Admissions at world.ku.edu. Submit an official transcript form each college you've attended. Must apply to KU Edwards Campus and be admitted by the School of Professional Studies.

Minimum total hours for graduation is 120, of which at least 45 must be upper division. Community college courses do not transfer as junior/senior hours. Thirty of the 120 hours must be at KU.

Bachelor of Applied Science in Operations Management

KU Core Requirements

The KU Core is KU's general education program. It is a set of six educational goals that all students must satisfy. As noted below, the admission requirements specified by the Operations Management BAS degree in the School of Professional Studies satisfy KU Core Goals 1.2, 2.1, and 2.2 and an upper-level major course satisfies Goals 5 and 6. Students should also complete KU Core Goals 1.1, 3H, 3N, 3S, 4.1, and 4.2 at JCCC as listed in the table below.

Completion of the JCCC A.A. (or A.S.) degree satisfies KU Core Goals 1, 2 and 3. Students should work with their JCCC counselor to ensure they are meeting [JCCC degree requirements](#). Students not completing the A.A. (or A.S.) degree may refer to <https://credittransfer.ku.edu/> to see how JCCC courses will transfer to meet KU Core Goals.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.
